

Flotilla Mooring Fees

Italy

Please note:

- The indicative fees listed below are accurate at the time of publication*. Some charges (such as marina or mooring fees) are charged by third-party marinas or local authorities. They may change at short notice; your lead crew will keep you informed of any updates during your trip.
- Marina or mooring fees are optional and depend on whether you choose to use those facilities. If you would prefer a lower-cost option, alternative moorings or anchorages may be available. Please speak to your lead crew, who can advise on suitable options where conditions and safety allow. In many cases, free anchorage alternatives are available.
- Actual fees may vary depending on factors such as yacht size, length of stay, and season. Where fees cannot be confirmed in advance, the below serves as indicative pricing.

Weekly average cost, by flotilla route:
